## DID YOU REMEMBER TO:

☐ Start with the author's last name, a comma and the first name?

☐ Put the article title in quotation marks?

☐ Put the website title in italics?

☐ Separate the publisher from the date created (in this case, just "n.d.") with a comma?

☐ Put the date accessed in the format of DD Month YYYY? Remember, this date will not be the same as what is shown above, as it is the date YOU actually looked at the website.

☐ Put the URL in angle brackets?

☐ Indent the second line (and every line after that)?
